MonsterInsights, the #1 WordPress Analytics Plugin, helps you easily connect your website to see the stats that matter and grow their business.

Please Connect Your Website to MonsterInsights [Learn More](#)

Note: You will be transferred to MonsterInsights.com to complete the setup wizard.

Add New Kategori accessories

Name: NMAX
The name is how it appears on your site.

Slug: **tidak perlu diisi**
The "slug" is the URL-friendly version of the name. It is usually all lowercase and contains only letters, numbers, and hyphens.

Parent Kategori accessories: None

Assign a parent term to create a hierarchy. The term Jazz, for example, would be the parent of Bebop and Big Band.

Description: **tidak perlu diisi**
The description is not prominent by default; however, some themes may show it.

[Add New Kategori accessories](#)

Kategori Bisa Berupa jenis merek motor, seperti Nmax, Aerox. sedangkan subkategori bisa berupa jenis motor seperti Standard, Caferacer
